# Help when you need it most...

The Ohio National Guard has created seven regional Family Assistance Centers (F.A.C.). These centers are specifically designed to provide support to military families affected by deployments. Our goal is to assist families with good communication, accurate information and strong mutual support.

When a servicemember is mobilized, a great deal of sacrifice is required of the individual, employers and most importantly, family members. Your continued love and support throughout the deployment will make a significant difference.
